GEMS / LOUNGE

The ideal combination of elegance and high quality. The tiles in the Gems line are unglazed, double-coated fine stoneware for walls and floors, for use indoors and outdoors. Natural-looking veins in the stone and fine differences in the structure underscore the authenticity of this imposing and very stylish tile. The diversity is impressive too. When it comes to surface finishes, you have a choice between various interesting structures. A broad range of tile sizes and shapes as well as matching elements for combinations with mosaics add to the options for individual application and design.

Die perfekte Kombination von Eleganz und Anspruch. Bei der Fliesenserie Gems handelt es sich um ein unglasiertes, doppelbeschichtetes Feinsteinzeug für Wand und Boden im Innen- und Außenbereich. Natürlich wirkende Steinadern und feine Strukturabweichungen betonen die Ursprünglichkeit dieser repräsentativen und sehr stilvollen Fliese. Beeindruckend ist auch die Variabilität. Hinsichtlich der Oberflächen haben Sie die Wahl zwischen verschiedenen interessanten Strukturen. Eine breite Palette an Fliesengrößen und -formen sowie entsprechende Kombinationsmöglichkeiten mit Mosaiken erweitern die individuellen Einsatz- und Gestaltungsmöglichkeiten.
